AMK Commercial Series
LW Satellite System
 Satellite / Subwoofer Speaker System

The AMK LW77 / LWS77 and LW74 / LWS74 Satellite / Subwoofer System is designed for full range and high output. Uniquely constructed to accommodate a full range of frequencies, the AMK LW satellite speaker system accurately reproduces the musical characteristics of original-artist recordings.

The systems is compact and unobtrusive, and is designed to encompass any environment with consistent, uniform sound coverage. The speaker can be installed in a variety of configurations to suit any floor plan and interior floor.

The systems are available in 70 volt or 4 ohm configurations. The subwoofers are available in Mono or Stereo. The Satellites are mounted with AMK SB77 Brackets. Three different Mounting Brackets are available for the subwoofer [AMK Model U-10.5 (black or white), FC-12, and SB35-B].

Satellite Speaker

Model #	Color	Power	Weight	x-over Frequency	Dimension
LW77B	Black	2.5w, 5W (70V)	2.45 lbs	110 and 4000 Hz (Typical)	3½" W 4" D 7" H
LW77W	White				
LW74B	Black	10W (4Ohm)	2.0 lbs		
LW74W	White				

Subwoofer

Model #	Color	System	Weight	x-over Frequency	Dimension
LWS77CM	In Ceiling Mountable	10W, 20W (70V)	26.2 lbs	110 Hz (typical)	10 ½" W 10 ½" D 17 ½" H
LWS77W	White				
LWS77B	Black				
LWS74CM	In Ceiling Mountable	(4 Ohm)	24.8 lbs		
LWS74W	White				
LWS74B	Black				

Features

- ◆ System reproduces crisp, clear sounds with an accurate and full range of frequencies for the best representation of original-artist recordings
- ◆ You buy only the equipment you need; the AMK LW Satellite system offers more flexibility in the number of speakers that can be matched with a sub-woofer
- ◆ Compact speakers offer various mounting options that will work with any floor plan, ensuring seamless sound coverage without detracting from interior décor
- ◆ Separate sub-woofer component creates a rich, vibrant bass sound and can be installed completely out of view
- ◆ Easy installation saves you time and reduces costs: low voltage wiring can be done by sound contractors, manageable 26lb. Sub-woofer designed so ceiling installs can be done by one person
- ◆ Constructed to deliver the prominent sounds of any music service, this commercial-quality 70 volt (or 4 ohm) systems is designed specially for the business environment
- ◆ Single volume control available for all speakers and sub-woofers to make volume adjustments simple and consistent for all rooms
